INTRODUCTION

The University has established a comprehensive policy concerning the use and abuse of alcohol and other drugs by students and employees. It is of the utmost importance that each student reads and be familiar with University policies regarding alcohol and other drugs. As adults, students are expected to obey the law and take responsibility for their conduct. The relationship between the University and students is a non-custodial one. The University will not invade the personal lives of its community members (faculty, staff, students or others) on or off the campus, nor conduct unreasonable searches and seizures.

Our policy has been designed to give reasonable assurance that campus regulations, township ordinances, and state laws will be complied with. Members of the University community will be subject to disciplinary action, or legal process, for violation of laws, ordinances, and regulations, as well as procedures designed to comply with the same.

D: ORGANIZATIONAL EVENTS AND ACTIVITIES

Preface

Pennsylvania law states that the legal drinking age is 21 years of age. All members, new members or associate members must abide by all federal, state, county, city and University regulations as well as their national alcohol/risk management policy. The entirety of this policy will be enforced for registered student organizations.

This policy is a compilation of national fraternity and sorority risk management policies with additional guidelines pertaining specifically to the University of Pittsburgh at Johnstown campus and surrounding community.

The ability to host registered events is neither an organizational nor student right. It is at the discretion of the University to permit registered events and may be administratively revoked by the University. The final determination to permit a registered event to be held and/or allow an event to continue ultimately rests with the Vice President for Student Affairs or designee.

These policies are in addition to policies within the Student Code of Conduct.

1. Notwithstanding anything contained herein to the contrary, each recognized group is responsible for compliance with the Social Event Policy, by itself and its members, including activities taking place anywhere, whether on or off campus in official chapter houses, in private domiciles, or in publicly or privately owned facilities or elsewhere.

4. Recognized groups, and their members, will be responsible for compliance with this Policy by their guests (i.e., persons present at an activity, but not a member of a participating recognized group).
