

IMPORTANT COVID-19 GUIDELINES FOR RESIDENT STUDENTS

The health and safety of our students is our top priority. These guidelines have been developed in partnership with the University of Pittsburgh's COVID-19 Medical Response Office and the Healthcare Advisory Group and adhere to CDC guidelines. While none of us is pleased with having to follow these new guidelines, remember they are in place for your safety and the safety of your fellow residents and the campus community. Any students who fail to comply with guidance set forth by the University, federal, state and/or local authorities regarding public health and/or safety could be subject to judicial action up to, and including, dismissal from campus housing as per the Student Code of Conduct.

- Face coverings must be worn when not inside your room (this includes other students' rooms and while outdoors). Face coverings must be worn at all times on campus with the following few exceptions:
 - While in your campus assigned residence room
 - While sitting and eating (you will have to wear a mask as you enter and exit any food service venue or service area)
- No overnight guests are permitted in your room.
- Beds are not permitted to be bunked.
- Where indicated, please observe the posted direction of traffic flow in the stairwells as well as. Please also observe post signs indicating exit doors and entrance doors.
- If you are meeting others from residents of your building in a common area, be sure to observe physical distancing guidelines. Recreational equipment in the residence halls is not available for use.
- Practice good hand hygiene.
- No social events are permitted in any residence hall buildings.
- Keep your toiletries, including your toothbrush, in a drawer or container away from your sink or bathroom.
- Laundry rooms are open, but please observe physical distancing.
- If you are experiencing symptoms of COVID-19, remain in your room and contact Student Health Services at 814-269-7119 (do not report to that office without calling first).
- If you test positive for COVID-19 while on campus, you will be relocated immediately to the COVID isolation wing in the Living-Learning Center. If you are experiencing symptoms of COVID, you will be relocated to the symptomatic quarantine wing in the LLC.
- If you or one of your roommates has been exposed to COVID, you will be required to quarantine in your room until released by Health Services.
- If you decide to leave campus and return home for the semester, please remember you must officially cancel your housing and meal plan.
- Information on quarantine and isolation procedures is available at:
www.johnstown.pitt.edu/quarantine-isolation-information

UPDATED GUEST/VISITATION POLICY

Effective Thursday, February 11, resident students will have the ability to host guests from other campus residence halls under the following conditions:

- During **High Risk Posture**, University housing residents are only permitted to be in the University residence facility to which they are assigned.
- During **Elevated and Guarded Risk Posture**, University housing residents may host one resident of another campus residence facility at a time, provided the COVID-19 Room Occupancy Restrictions (see below) are not exceeded.
- If only one student is residing in a room (no roommate), he/she is only able to host one guest regardless of the room type.
- Regardless of postures, **if a shelter-in-place period is implemented**, University housing residents are only permitted to be in the campus residence facility to which they are assigned.
- With the exception of during specific move-in and move-out periods that are coordinated by Housing and Dining Services, only University housing residents are permitted in University residence halls, subject COVID-19 Room Occupancy Restrictions (see below). **No commuter students, non-students, or family members** are permitted in any University residence halls.
- **No overnight guests**, regardless of whether they are campus residents, are permitted.
- **Face coverings must be worn by all parties at all times when a guest is present in a room.** Students should also continue to practice physical distancing and hand hygiene.
- **Guests are not permitted to gather or socialize in common areas. They can only be hosted in student rooms.**
