

July 9, 2021

Dear Pitt-Johnstown Resident:

I want to thank you for your continued patience and understanding while we make plans for your safe arrival this fall. Understandably, many resident students have questions about the fall arrival process. **We have developed an FAQ** and posted it to our webpage at: www.johnstown.pitt.edu/housing-services. This FAQ will be updated as further information becomes available, so please check it regularly. Again, thank you for your patience while decisions continue to be made.

All of the decisions made by the University of Pittsburgh are being implemented at all Pitt campuses. These decisions are based on extensive research and discussion among some of the leading researchers, epidemiologists, and medical practitioners in the country who comprise the University's Healthcare Advisory Group. We are fortunate to have access to this level of expertise.

If you have **not yet submitted your vaccination status**, please remember to do so as soon as possible. You can indicate your vaccination status at [Campus Services](#). If you prefer not to disclose your status, simply choose "I prefer not to answer" from the status list. If you qualify for an exemption, you no longer need to submit a formal request through the Johnstown Campus Housing and Dining Services task center. Instead, please go to the [Campus Services](#) and choose either "I am not vaccinated" or "I prefer not to answer." If you have already submitted your status, please disregard these instructions.

Information on your fall housing assignment will be available the first week of August on the Pitt portal (you will be notified of this via email). Specific arrival information (including your assigned date, time, and location) will be sent via separate email message depending on your vaccination status. We are unable to confirm dates and times until that information is released via email.

Remember to check your Pitt email account frequently, as we will continue to update you throughout the summer. Enjoy the rest of your summer and we look forward to seeing you on campus in the fall!
