### The World of Global History and Culture

**Description:** In the 21st century, humans communicate and interact with each other much more easily and quickly across the globe in commerce, politics, and cultural activities, as developments on one continent may shape opportunities and challenges on another. Students should demonstrate an ability to analyze critically the ways in which their lives are connected to the lives of others around the world. Students should increase their understanding of differences among peoples, the interrelationships of the differences, and analyze the effects of these differences.

Students will be able to:
1. Comprehend and speak within the basic structure of a foreign language, or
2. Demonstrate knowledge of cultures and social systems across the globe, or
3. Analyze the differences and/or interconnectedness between peoples and cultures

Students should:
- Increase their understanding of differences among peoples, the interrelationships of the differences, and analyze the effects of these differences.
- Demonstrate an ability to analyze critically the ways in which their lives are connected to the lives of others around the world.
- Increase their understanding of the interconnections of the differences, and analyze the economic, political, and cultural activities, which their lives are connected to the lives of others around the world.
