University of
Pittsburgh
Johnstown

Founded in 1927, the University of Pittsburgh at Johnstown is the first and largest regional campus of the University of Pittsburgh. A vital knowledge center and a foremost contributor to the region's educational, social, cultural, and economic development, Pitt-Johnstown provides a high-quality educational experience that is purposefully designed to prepare students for the real world of the 21st century. Pitt-Johnstown's record of excellence is reflected, in part, by the accomplishments of students, faculty, and staff; the record of achievements of more than 21,000 alumni; the satisfaction of area employers; and the commendations of many external organizations.

MISSION

To offer a high-quality educational experience, in a supportive living-learning environment, that is grounded in the liberal arts and sciences, that is current and that is responsive to both our students' personal and professional needs and to our communities' needs.

VISION

We will be the regional leader, educating for success in the Real World. The distinctive combination of our people, programs, and place results in exceptional performance in preparing students for career and professional success.
